# **MIAMI INTERNATIONAL AIRPORT**

## **U.S. and Worldwide Airport Rankings**

### **2011**

#### **Introduction**

The following report was prepared by the Miami-Dade Aviation Department's Marketing Division. The report was compiled from data collected by Airports Council International (ACI) Worldwide, and 2011 calendar-year traffic reports from the respective airports. Cargo and freight statistics for Anchorage International Airport (ANC) are excluded from the following tables as ANC reports combined in-transit (same aircraft) and enplaned-deplaned figures to ACI. ACI, based in Geneva, Switzerland, collects and reports data on passengers, cargo (freight and mail) and aircraft movements for over 500 airports throughout the world.
