DATE: November 15, 2000

TO: Charles Danger, P.E., Director  
Miami-Dade Building Department

FROM: Richard G. Garcia, R.A.   
Chief, Airport Capital Expansion Projects

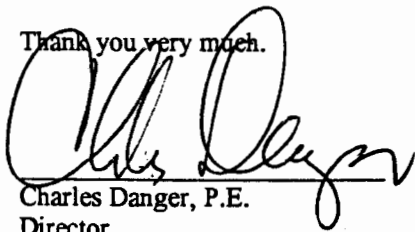

SUBJECT: Approval of MIA Life Safety Master Plan Requirements  
Section 4.3 Fire Alarm  
Section 4.7 Maintenance/Operations/Emergency Procedures

---

The above referenced sections were not completed at the time of the MIA Terminal Complex Life Safety Master Plan (LSMP) approval in January 1999, therefore they could not be included in the document at that time. They have now been reviewed, edited and approved by the appropriate MDAD and MDRR staff members for inclusion into the approved LSMP. Final copies are attached.

This letter is to request formal approval of these sections and their insertions into the LSMP. If you are in agreement, please indicate that fact by returning a copy of this letter with your original signature in the space provided below. If you have any questions or are unable to comply with this request, please contact me at 305-869-1040.

Thank you very much.
