

Max Fajardo, E.I.
Assistant Aviation Director for Facilities Management

Max Fajardo, Assistant Aviation Director, Facilities Management, joined the Miami-Dade Aviation Department (MDAD) in May 1989. His 31 years experience in Engineering and Construction include positions within the Aviation Department as Deputy Chief of Engineering and as Manager of Facilities Maintenance and Engineering.

In charge of the Facilities Initiation Team (FIT) process, Mr. Fajardo oversees MIA's ongoing capital improvement program from a facilities coordination, operations and acceptance perspective. His management responsibilities include Facilities Maintenance and Engineering of all County-owned airports, including oversight of more than 550 employees.

Prior to joining MDAD, Mr. Fajardo worked for 16 years in the airport consulting industry with more than 500 projects performed at MIA and other airports to his credit. Mr. Fajardo is an Engineering Intern in the State of Florida and has a Masters of Science Degree in Construction Management from Florida International University, College of Engineering and Design; a Bachelor of Arts Degree in Public Administration from St. Thomas University; and an Associates in Arts Degree in Engineering/General Studies from Miami-Dade Community College.
