MIAMI INTERNATIONAL AIRPORT

U.S. and Worldwide Airport Rankings

2024

Introduction

The following report was prepared by the Miami-Dade Aviation Department's Marketing & Air Service Development Division. The report was compiled from data collected by Airports Council International (ACI) Worldwide. Cargo and freight statistics for Anchorage International Airport (ANC) are excluded from the following tables as ANC reports combined in-transit (same aircraft) and enplaned-deplaned figures to ACI. ACI, based in Montreal, Canada, collects and reports data on passengers, cargo (freight and mail) and aircraft movements for over 2,000 airports throughout the world.
